<b>Teacher Remark</b>	<b>Teacher Remark</b>
██████████ has worked very hard all year both with school and classwork. Well done!	██████████ has worked very well this year. He is a very polite and well mannered student and is a very positive character in the classroom. He needs to work on his written work in Gaelige to improve his sentence structure. It is important to revise over verbs in the past, present and future tense. Overall
██████████ has made excellent progress this term.	██████████ participated in class activities and engaged with class groupwork. His summer test consisted of a short reading comprehension and a written exercise. Well done and keep up the good work!
Good result. ██████████ has worked well and made good progress this year.	██████████ has participated well over the last term and displayed a good knowledge of the texts. In order to improve he needs to ensure that he uses the point, quote and explain paragraph structure when answering questions. I recommend that he get a book to read over the summer.
needs to spend more time on revision and learning the subject	██████████ is an excellent student who contributes well to lessons. He has settled into the class well. He has done very well in his summer assessment. He has shown good improvement in his knowledge of the rules of algebra and he should focus on improving his knowledge in the geometry topic. Enjoy the summer break.
Good result and scope for improvement	This was a very good grade and was a big improvement from the last test on medieval history. In preparation for next years CBA 1 the students completed a group work poster on Medieval history. This was worth 20% of the summer grade and has been factored into the total grade allocated.
██████████ is a very good student and obtains consistently high results. Bravo. Keep up the good work!	This result is an average grade for four summer assessments undertaken in May. The topics included rivers, rocks, plate tectonics, volcanoes, tsunami, earthquakes, structure of the earth and mass movement.
██████████ is a helpful co-operative student who is a pleasure to teach.	This is a good result for ██████████ and I am happy with the progress he has made this term. Daniel is a nice pleasant student who is a pleasure to teach, I am delighted to have him in my class. Have a great summer break!
